

Randall's Adventure & Training Search and Rescue (RAT-SAR)

Gallant, AL 35972

All RAT-SAR members are responsible for acquiring their own personal gear. The following list is a suggestion for personal lightweight technical rescue gear. The list below is designed to work with team gear rope sizes to build rescue systems.

SUGGESTED PERSONAL TECHNICAL GEAR

- Harness
- Helmet
- Helmet Light (At least two lights with spare batteries)
- Gloves
- Personal Descender (Rack, ATS, ATC, etc.)
- 6 ea. Locking Carabiners (HMS Style Preferred)
- 1 ea. Single Sheave Rescue Pulley
- 2 ea. Short 6-7mm Prusik Loops
- 2 ea. Long 6-7mm Prusiks Loops
- 30' 8mm Body Cord
- Dyneema Slings (Various Sizes)
- Personal QAS (Quick Attach Safety)
- Climbing System (Optional)
